

Hong Kong Institute for Monetary Research

The following positions are now available in our institute. An attractive package is offered to the right candidates who meet with the following criteria.

Part-time Research Assistants

Key Responsibilities:

- To assist in the econometric/quantitative analysis of macroeconomic, monetary and financial developments in the global and regional economies.

Requirements:

- Bachelor's or preferably master's degree in economics,
- Basic knowledge in Econometrics and Excel spreadsheet skills, and practical use of computer software such as Eviews and Stata. Familiarity with Matlab an advantage,
- Familiarity with economic and financial statistics and the use of economic databases such as CEIC and Bloomberg an advantage

Remuneration Package

A competitive remuneration package will be offered to the successful candidates. The length of stay and working schedule are negotiable (around two working days per week).

How to apply

Interested candidates should send your **transcripts and a full resumé** including details of past experience, expected salary, availability and contact details to hkimr@hkma.gov.hk.

Completed applications should reach the Hong Kong Institute for Monetary Research ("HKIMR") by **16 December 2011**. Those not contacted by the HKIMR within **three months** from the close of application should consider their applications filed for future reference.

Personal data provided by job applicants will be used strictly in accordance with our personal data policies, a copy of which will be provided immediately upon request. You may contact the Recruitment Secretary at the above e-mail.
